### 1. Research Question

Please state your research question.

Considering the documentary material you gathered over the course of the residency, what can you now say in answer to your research question?

How do you see what you’ve learned being applied in your community in the future?

## **2. Documentation**

**Please provide a narrative summary of your residency.**

**What methods did you use to document the progress of your Innovations grant?**

**Please attach/enclose selected documentary materials that show how you learned what you did, and the progress and results of your residency. These might include photos, videos, sound recordings, survey results, news clippings, testimonials, etc.**

## **3. Legacy**

**Please describe what you think will be the long-term impact of your grant.**

**What advice do you have for future applicants to this program?**

## **4. Curriculum Connections (Schools Only)**

**How well do you think the program functioned to help your teachers implement arts education curriculum objectives?**

**What have you learned that might help other schools and teachers implement arts education in their classrooms?**

**5. Innovations Program Goals**

The goals of the Innovations grant program were identified in the application package. The Arts Board would like to know how the program addressed these goals. Please answer the following on a scale of 1 – 5. Your comments will help the Arts Board in its assessment and planning of the Innovations program.

*Key: 1 = not at all 5 = beyond our expectations*

**Access**

The residency provided innovative opportunities and access to arts and culture in the community.
